Includes science and nutrition activities and an appendix with black-line masters, equipment designs, planting guides, and additional resources.

How to Grow More Vegetables (than you ever thought possible on less land than you can imagine), Fifth Edition, John Jeavons, 1995. 10 Speed Press, Berkeley, CA (fourth edition available in Spanish). Basic instructions for the biodynamic/French intensive method of gardening/minifarming. Call the Willets office at (707) 459-6410 for information on available tours and classes. Ask for the seed catalog, which contains all items for sale through their office: open-pollinated, nonhybrid, heirloom seeds; books and manuals on gardening in a variety of languages; and more.

Kids Gardening – A Kid’s Guide to Messing Around in the Dirt. Kevin Raftery and Kim Gilbert Raftery, Klutz Press, 1989. Children’s how-to book with small, attached trowel and seeds.

Linnea’s Windowsill Garden. Christina Bjork and Lena Anderson, R&S Books, New York, 1988. Originally published in Sweden, this how-to book is for children in Grades 6 and up.

The National Gardening Association Guide to Kids’ Gardening: A Complete Guide for Teachers, Parents, and Youth Leaders. Developed by Lynn Ocone, 1990. Includes ideas on choosing garden sites and designs, raising money, and handling vandalism. Features over 50 activities that introduce students to gardening.

Success with School Gardens: How to Create a Learning Oasis in the Desert. Linda A. Guy, Cathy Cromell & Lucy K. Gradley, Arizona Master Gardener Press, Phoenix, AZ, 1996. <http://ag.arizona.edu/maricopa/garden/html/pubs/sch-bk.htm> Contains everything a teacher needs to know to create a school garden in an arid climate. Combines research-based horticultural information from the University of Arizona with Master Gardener volunteers’ experiences helping teachers and children with garden projects. Covers “Managing a School or Youth Garden Program,” “Desert Gardening Basics,” and extensive appendices. Much of the gardening basics apply to any climate.

The University also has a list serve on school and youth gardening. You can subscribe free of charge by sending an email message to majordomo@ag.arizona.edu. In the body of the message, type: subscribe school_garden

The Worm Café: Mid-Scale Vermicomposting of Lunchroom Waste, Payne, Binet, Flower Press, Kalamazoo, Michigan, 1999.
ISBN 0-942256-11-5

Worm Digest. www.wormdigest.org A quarterly newspaper about worms and worm composting (vermicomposting) on all levels worldwide. Its goal is to network people, information and resources in the use of worms for organic waste conversion and soil enrichment. S. Zorba Frankel and Stephen White began it in 1993. Worm Digest is an Oregon public-benefit non-profit, based in Eugene, Oregon.
